# WORLD 2: QUICK REVIEW

# Industrial Rev

- Began in Great Britain (land, labor & \$\$)
- Shift from farming to city & factory life
- Horrible working conditions
  - Women and children working
  - Low pay, long hours, unsafe working conditions
- Rise of communism (spread amongst the workers)
- Cities - filthy and unsanitary
  - Tenements & the spread of disease

# Industrial Rev → New Imperialism

- Industrialized nations became wealthy
- Took over weaker countries for natural resources, free labor, new markets
- More colonies = more power your nation has

# New Imperialism

- Stronger countries taking over weaker ones
  - Better technology & weapons
- White man's burden & Social Darwinism
- Abused the natives, didn't allow them to participate in government or military
- Benefits: Built up infrastructure (schools, factories, hospitals etc.)
- Will lead to nationalist revolutions

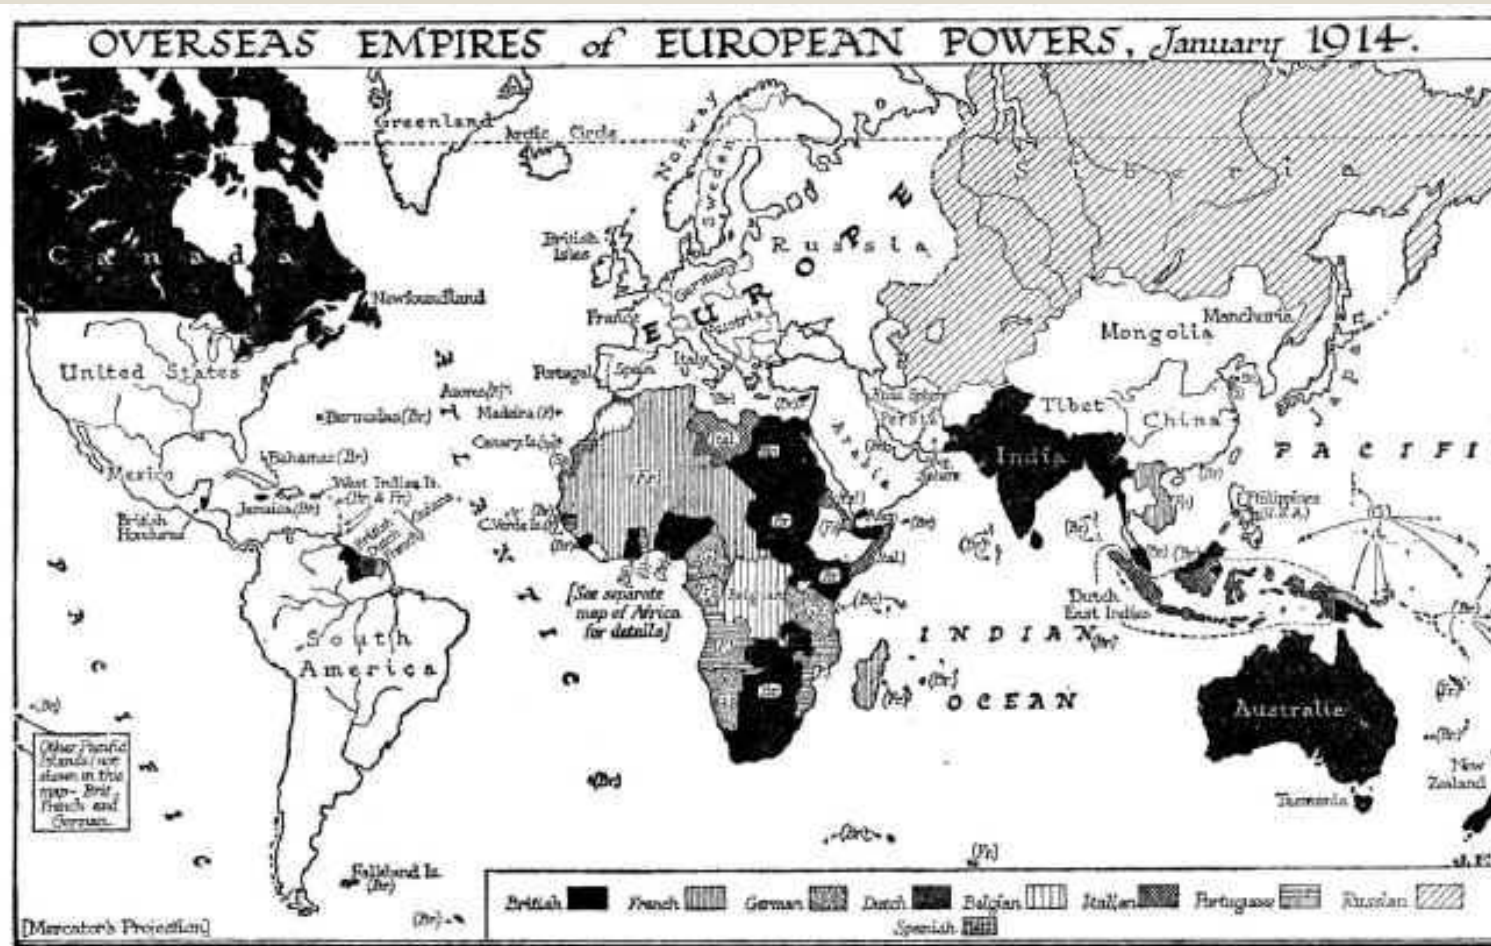

This 1912 photograph shows a stark portrait of the Belgian king's inhumane treatment of Africans in the Congo.

# New Imperialism → WWI

- Created rivalries between powerful European nations

# EFFECTS OF WWI STATIONS
