Introduction to 'Geographic Luck': The Stories of Crops and Animals

Read your group's specific crop/animal's story. Take bullet point notes in the table for three key pieces of information.

1. How was the crop/animal domesticated and where?
2. How did the crop/animal spread around the world and where did it spread to?
3. How is the crop/animal important to humans? (What did it provide humans with?)

Crop/Animal	3 Key Details about the development of crop/animal
